## PROFESSIONAL SUMMARY

Motivated BCA student and project coordination professional with approximately one year of experience at Foxtech Pvt Solutions, spanning training, a paid internship, and continued project work. Experienced in project coordination, team support, UI/UX design, user-flow creation, scope documentation, manual quality assurance, and client communication. Has collaborated with Zyvora across software projects, supported and guided freshers, coordinated with overseas clients, and contributed to projects in education technology, fleet management, e-commerce, and business management. Also interested in web development, creative design, video editing, and AI prompt engineering.

## PROFESSIONAL EXPERIENCE

**Project Management & QA — Intern / Project Team Member | Foxtech Pvt Solutions, Marthandam**
Approximately 1 year | Present

- Completed one month of training followed by three months as a paid intern, continuing with the organization to the present.
- Coordinated multiple software development projects in collaboration with Zyvora; monitored progress, followed up on pending tasks, and shared updates with team members and stakeholders.
- Guided freshers through project requirements, task understanding, and development workflows.
- Created UI designs, wireframes, user flows, and screen-level references to support development.
- Prepared project scope documents, requirement specifications, and structured project documentation.
- Performed manual UI/UX QA by reviewing screens, validating functionality, identifying inconsistencies, and reporting bugs.
- Tracked bugs, tasks, and project progress using Trello and Microsoft Excel; prepared structured bug reports with expected and actual results.
- Communicated with overseas clients to clarify requirements and provide project updates; collaborated with the Bytree community through Foxtech.
- Contributed across education technology, fleet tracking, e-commerce, and management systems.

**Full Stack Web Development Intern | CodTech IT Solutions Pvt. Ltd.**
April 10, 2025 – May 10, 2025

- Completed a four-week internship focused on full-stack web development.
- Strengthened foundational frontend and backend development skills through assigned tasks and mini-projects.
- Gained exposure to software development workflows, technical problem-solving, and practical implementation.

**Java Programming Intern | Marcello Tech**
March 3, 2025 – April 2, 2025

- Completed a one-month Java programming internship and developed foundational programming knowledge through practical work.

## EDUCATION

**Bachelor of Computer Applications (BCA)**
Noorul Islam College of Arts and Science, Kumaracoil, Tamil Nadu — Currently pursuing
